Mohammad Kamal Itani

Address: Chouf, Lebanon | Phone number: +96176735701
E-mail Address: mohammad.itani1999@hotmail.com

EDUCATION

09/2018 - 05/2022	Beirut Arab University (BAU) B.S in Computer Science	Beirut, Lebanon
2004 - 2018	Al Iman School	Beirut, Lebanon

EXPERIENCE

12/2022 – present	.Net Developer	**X-tends**, Jal El Dib, Lebanon

Key Qualifications and Achievements

- Collaborated with a development team to build ASP.NET applications using N-tier architecture.
- Utilized Dapper ORM and wrote stored procedures in SQL Server to optimize the performance of ASP.NET applications.
- Implemented custom validations for ASP.NET MVC models, ensuring data integrity and accuracy.
- Resolved various bugs and enhanced the quality and performance of ASP.NET web applications.
- Developed and tested REST API(s) to facilitate seamless data integration.
- Implemented UI components using HTML, CSS, JavaScript, jQuery, and Bootstrap.
- Improved user experience by implementing pagination, resulting in reduced page load times and a more responsive UI.
- Utilized internal storage mechanisms like ViewState and TempData to securely manage temporary data between requests.
- Leveraged sessions to maintain user-specific data throughout multiple requests, enhancing personalization and persistence.
- Built AJAX calls to retrieve and manipulate data in the database.
- Wrote optimized queries for efficient database operations and data retrieval in ASP.NET applications.
- Utilized Git for version control and collaboration in ASP.NET projects.
- Wrote and debugged ASP.NET MVC web applications with meticulous attention to detail.

7/2022 - 12/2022	Junior Software Developer	**El-Haceb**, Beirut, Lebanon

Key Qualifications and Achievements

- Developed user interfaces using HTML, CSS, JavaScript, AJAX, and Bootstrap.
- Utilized the axios library to build HTTP requests for manipulating data in databases.
- Designed and tested REST API(s) for seamless data integration.
- Wrote and debugged ASP.NET web applications with meticulous attention to detail.
- Created database CRUD operations by writing optimized queries.
- Resolved bugs and improved performance in ASP.NET web applications.
- Experienced in both code-first and database-first database implementation techniques.
- Implemented custom validations for ASP.NET MVC models.
- Implemented frontend UI using the WPF framework.
- Developed custom user controls for WPF applications.

5/2022 – 7/2022	Backend Developer Internship	**Data Consult**, Mkalles, Lebanon

Key Qualifications and Achievements
- Built test plans and use cases.
- Performed the implementation and built the solution.
- Drew solution architecture.
- Built an API.

CERTIFICATIONS

9/4/2022	IELTS-Academic (Band:6.5)
9/22/2021	IC3 GS5

Summary Skills
- Languages: Fluent in Arabic, professional working proficiency in English.
- Soft Skills: Strong problem-solving abilities, adaptive learner, highly adaptable.
- Programming Skills: Proficient in HTML, CSS, JavaScript, Node.js, Bootstrap, Java, C#, ASP.NET, Git, Android Development, XML, XAML, AJAX, SQL.
- .NET Skills: .NET 6, ASP.NET MVC, WPF, Web API, LINQ, Entity Framework, and Dapper.

INTERESTS
- Software Development
